

Creative Thinking

3 days to develop your personal project, cultivate your difference, creatively improve your leadership skills

Become an activator of ideas in your organization

You want to...

- identify your drivers and motivations.
- realize yourself plainly through your job.
- understand what make you unique.
- think creatively, bring new ideas.
- be a team player, create engagement.
- capitalize on what you really care about.
- gain the interest of people for what you do.

This training is for you!

You learn to...

- discover yourself, your talent.
- empathize with others.
- build team spirit.
- dream big ideas.
- share concepts and solutions.
- assess your impact on the community.
- celebrate success.
